Recent Platform Updates

Welcome

After completing the first page, you will be able to save your progress and return to complete the survey later. Just follow the instructions at the bottom of the page. Please be assured the survey is completely confidential. All responses go directly to WorkBuzz and no employees will be able to view your individual answers. Please refer to our [Confidentiality Promise](#).

already are.

“

WorkBuzz's easy to use platform, enabled us to generate a record response rate to our employee engagement survey this year. We were able to provide our frontline employees with direct access to the survey via our recently launched communications app. Most importantly, this ensured everyone in our team had the opportunity to have their say on how we can continue to improve our business

”

Customer Advisory Board (CAB)

Introducing

ACT

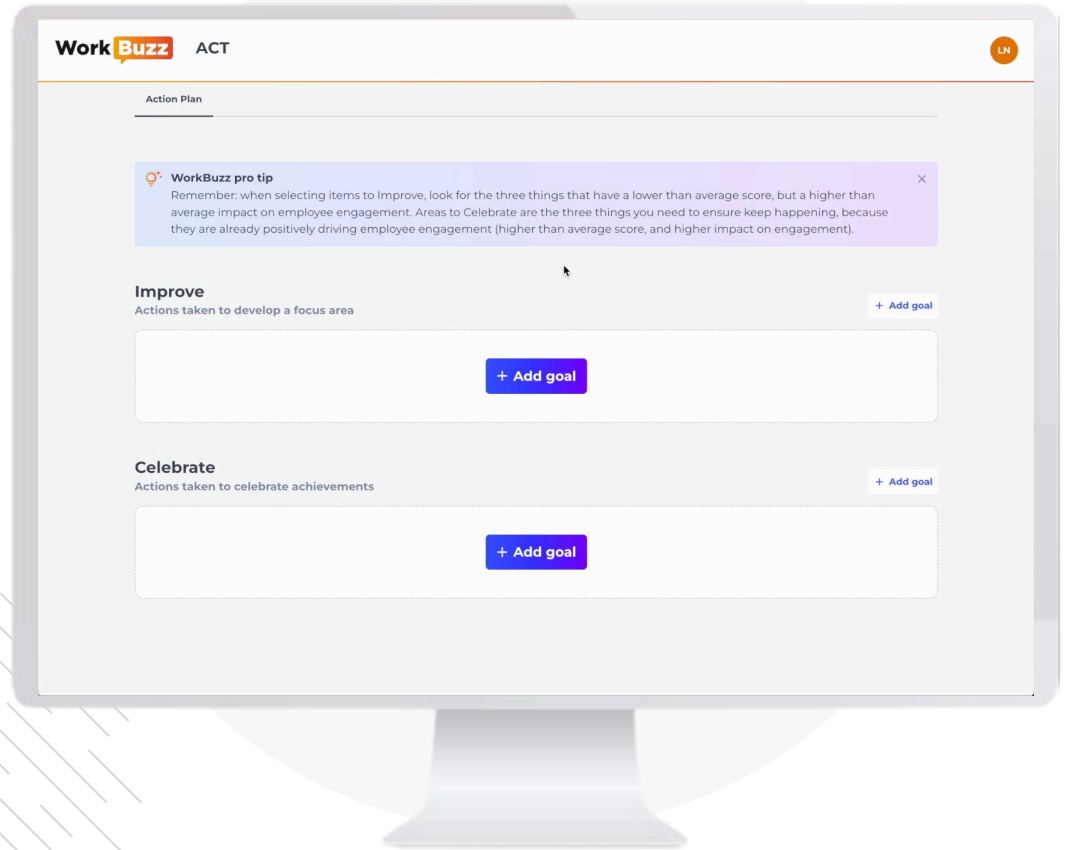

What we've learnt from you

- Information & instructions provided to line managers varies.
- Carrot and not a stick.
- Keep it simple & don't create a cottage industry.
- It's not a substitute for conversations.
- Coaching & creating better people leaders.
- Demonstrate & highlight change in action (You said, we did).

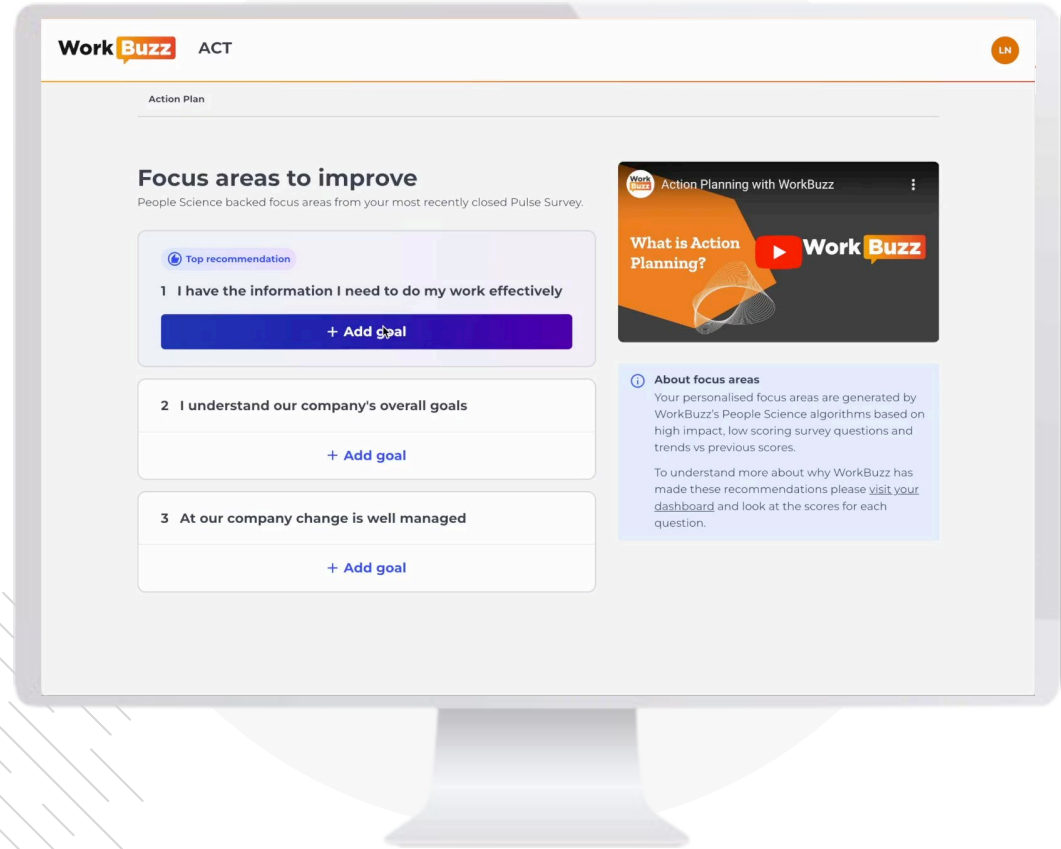

WorkBuzz ACT: Driving change with easy to use, modern action plans

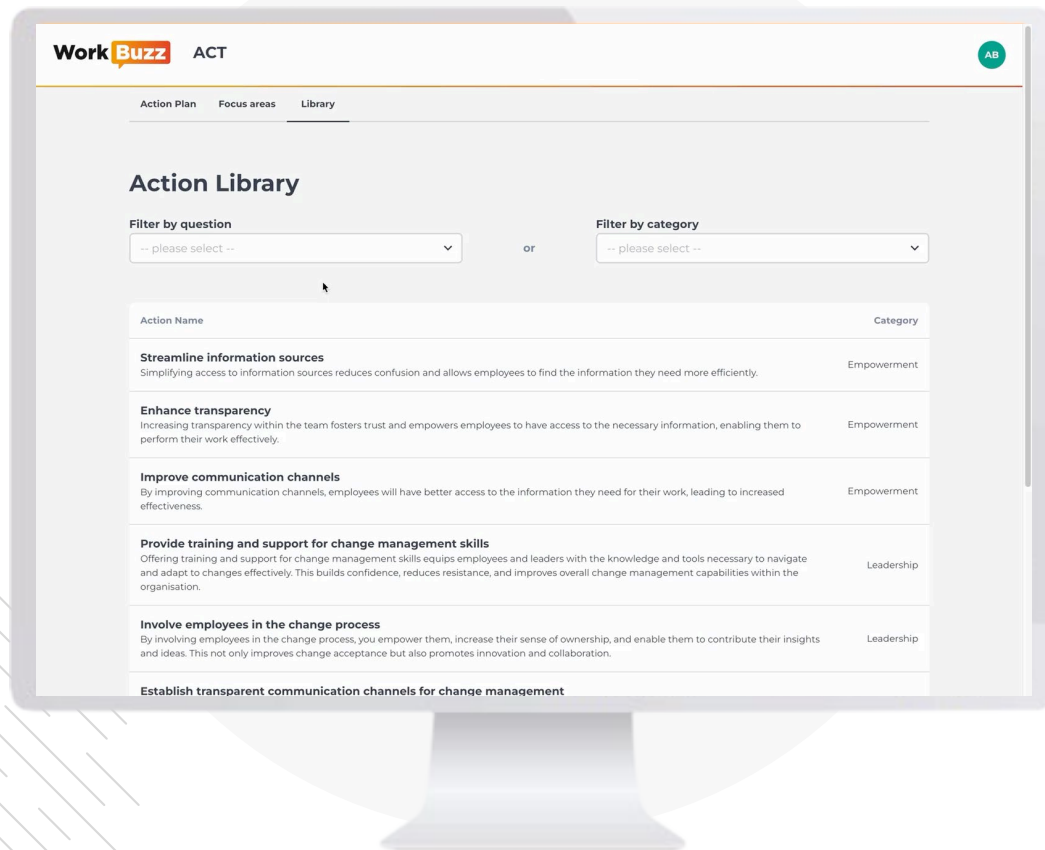

Focus areas: Coaching your people leaders on what matters

Action Library: Best practice on how you drive change

What next?

- Version 1 available now
- Focus Areas & Suggested Action Library available before Christmas 2023
- Integrated as part of WorkBuzz Premium
- Speak to your CSM
